

INTRODUCING VIRTUAL NUTRITION COUNSELING

Under the Affordable Care Act, nutrition counseling, behavioral intervention, and obesity screening by a **registered dietitian** are **100% covered**, with **unlimited visits**. Previously, these services were offered in-person in-house until this pandemic occurred. Now due to COVID-19, coverage accommodations have been made so that employees can receive this same nutrition counseling via telehealth and Lifestyle Medical Center is set up to provide this service through that platform. **Now ALL employees and dependents on the State Health Plan have access to virtual nutrition counseling.**

Areas of Focus Include:

- Weight loss or management
- Chronic disease management
- Physical activity
- Sleep or stress management
- Healthy meal planning during a lockdown

To set up a nutrition and lifestyle consultation, call 919.354.7077 or visit:

Set up a Consultation

After you make an appointment, set up your device for your telehealth visit:
